Mae S...
[street address]
[CSZ]

Dear Mae S...:

Talking to you on the phone today made me happy, too. Beth Storey from the Greater Minneapolis Council of Churches selected and gave us your name to call for painting your house.

Gordy K... and I are co-leading the volunteer effort on behalf of 3M. 3M has participated with volunteers with the Paint-A-Thon effort probably since the program began in 1983. Gordy has led a Paint-a-Thon team since 1987, and I have worked on a team since 1984.

Gordy and I are both excited about meeting you on Thursday, July 6th at 9:00 a.m. We are looking forward to meeting you and seeing your house and garage to make sure we know what scraping needs to be done, how much paint is needed and things like that. We don't want to take up all of your time – we probably will be there for an hour or so.

Just to confirm when the painting on your house actually takes place: July 29th is when we would like to begin scraping and doing all the preparatory work in order to paint on August 5th, the Saturday of the official Paint-A-Thon event.

Once again, I really enjoyed talking to you on the telephone, and we look forward to meeting you Thursday!
